Hi Ralph. You've guessed correctly that I have not been able to connect with Joe. I'm going to say that your numbers are correct for the CG IA. When Joe and I spoke on Tuesday, we had enough dollars to fund the IA so we should go ahead and fund the \$52,139 as soon as possible. Thanks for checking back Ralph.

With regard to START, I'm working with Steve Way to understand how much he wants to allocate to them vs ERRS and we'll proceed accordingly. Thanks, lw

Hi Again Laura,

Are you still waiting on Joe for the CG IA?

Thanks Ralph. Yes, as soon as I see money, I'll let Joyce know and we'll discuss adding funds to the START contract. Thanks, lw

Hi Laura,

I have the numbers for the CG IA...should be total \$52,139. Let me know if you need it broken out by the group at the mine site and the group at the ICP. I spoke with Joyce about START and she may be contacting you soon to talk numbers since I believe the \$1.713M we are getting for START is for water treatment at the mine.

Thanks,

Cinna,

I spoke with Joe and Ralph yesterday. Based on funds received Monday, we have sufficient funds to proceed with the Cooperative Agreements to San Juan County and Silverton. I assume that you are not asking about the Coast Guard IA(?). Joe was going to get me a refined number for the IA but he may still be a bit groggy right now. I'll check in with him shortly. Thanks, lw
